Special Needs Registry

The Special Needs Registry is a database containing information about individuals residing in the City of Great Falls who may require assistance in the event of a natural or man-made disaster. This registration allows residents with specific needs an opportunity to provide information to emergency response agencies so those agencies can better plan to serve them in a large scale emergency.

Individuals are eligible to be registered with the Special Registry if they need assistance with: maintaining independence, communication, transportation, supervision, and/or medical care.

Participation in the registry is voluntary. The information collected will not be available to the public. It will only be shared with emergency response personnel to improve their ability to serve those in need.

Eligible individuals need only to complete the registry from and return it to the Emergency Management Planner Office. When filling out the registry form, please be as complete as possible.

Registry forms can be obtained by contacting the EMP via e-mail or can be picked up from the following locations:

Fire Station One	105 9th St S.	727-8070
City/County Health Dept.	115 4th St S.	454-6950
Cascade Co. DES	521 1st Ave NW	454-6900

Return completed forms to:
Emergency Management Planner
Fire Station One
105 9th St S.
Great Falls, MT. 59401

There is no substitute for personal preparation. In disaster, government and other agencies may not be able to meet your needs. It is important for all residents to make individual plans and preparations for their care and safety in an emergency.
