To Whom It May Concern:

Great Falls residents are well aware that the Harley-Davidson Motor Company was founded in Milwaukee in 1903 and has a well-deserved reputation for building unique, high quality motorcycles allowing them to H.O.G. the motorcycle market share.

We also know that the Harley Owners Group (a riding club of Harley-Davidson Motor Company) H.O.G. the limelight when they attend the annual summer Rally. But more importantly, we can guarantee they will go H.O.G. wild if the event location is Great Falls.

Why? Everyone knows that Great Falls goes whole H.O.G. when hosting special groups as we work hard to ensure they live high off the H.O.G. at events in our community. Simply put, Harley Owners will be in H.O.G. heaven if we are the host City for the 2008 H.O.G. Rally.

It is for these reasons that we encourage you to select Great Falls for the 2008 H.O.G. Rally.

Sincerely,
