The City of Great Falls is once again partnering with Great Falls Public Schools, Pacific Steel & Recycling, GF Tribune, Junior League of Great Falls, Malmstrom AFB, Citizen's for Clean Energy and Montana Waste Systems, Inc. to bring the STEAM Expo - Earth Day 2015 Celebration to the Great Falls area.

April 11, 2015

Great Falls High School Fieldhouse

10:00 AM - 2:00 PM

We can use this event to look forward to Earth Day on April 22, 2015 and Arbor Day on April 24, 2015. Come get some great ideas from the many displays and activities to put to good use in the Spring.

This event is free to the public. Bring the family to participate and learn more about Earth Day and the activities of STEAM (Science, Technology, Engineering, Art-creativity and Math). There will be games, activities, informational booths and student projects on display. At around 1:30 PM the names of the Earth Day Poster Contest winners will be announced. The Expo will also have concessions, t-shirts and other related items for sale at the event to help support future Expos.
