

Flow Rider - Wave Machine

The Flow Rider is three attractions in one!

- Grab a body board and surf a continuous wave that moves 36,000 gallons of water per minute.
- Ride the Rip-Tide Slide powering 36,000 gallons of water from the Flow Rider pushing you down a wide slide where you end up in the Lazy River.
- The Lazy River is the perfect place to relax in the moving water from the flow rider and rip-tide slide. River circles a quarter-mile around the Flow Rider in only three feet of water.
