

Living in Great Falls

We take great pride in the City of Great Falls and the quality of life we provide our residents. With safe neighborhoods, great schools, abundant recreational opportunities, excellent health care facilities combined with the majestic Montana landscape right in our own backyards – what else could a resident ask for?

Great Falls is home to over 58,000 residents making it Montana's third largest city. Residents can take advantage of over 40 miles of River's Edge Trail, can picnic at Gibson Park and Giant Springs Heritage State Park or peruse art at the C.M. Russell Museum or the Paris Gibson Square Museum of Art, which offer some of our Country's finest western and contemporary art.

The Lewis & Clark Interpretive Center and the First Peoples Buffalo Jump State Park offer opportunities to explore Montana's heritage and history. The Electric City Water Park offers fun for the whole family. Golf fans can take advantage of the community's four golf courses and the dog park and skate park are popular community amenities.

Great Falls has been described as the perfect blend of big city excitement and small town charm. From local restaurants and unique shopping boutiques, to cultural events and performances at the Mansfield Center for Performing Arts, to skiing and outdoor activities just minutes away there is truly something for everyone to enjoy right here in Great Falls.
