

Montana Law Enforcement Testing Consortium

The Great Falls Police Department is a member agency of the Montana Law Enforcement Testing Consortium ([MTLETC](#)). Applicants for the GFPD start their process with the MTLETC. There are three testing cycles per year: in January, June, and September. Each cycle has three test dates, as well as three test sites (Billings on Tuesday, Great Falls on Thursday, and Helena on Saturday of each cycle's test week), and the results from these three sites are pooled into one list for each respective cycle.

Registration for testing is accomplished online at www.mtlec.org, and the deadline is during the month prior to each test cycle.
