Live Concerts & Theater

[Great Falls Symphony](#)

? One of the best orchestras in the northwest, the Great Falls Symphony includes the orchestra, choir, and a youth choir. The string principals also perform as the Cascade Quartet.

[Mansfield Center for the Performing Arts at the Civic Center](#)

? The Mansfield Center is located in the heart of downtown in the Civic Center, a building designated a national historic landmark. The Center serves as a venue for cultural events in this region -- from trade shows and dance to concerts, theatrical productions and more. The theater, convention center and meeting rooms are assets to our community's quality of life and help Great Falls attract regional tourism and economic development opportunities.

[Montana ExpoPark](#)

? The Four Seasons Arena at Montana ExpoPark hosts a variety of events and concerts each year. The highlight week is, of course, the Montana State Fair which always includes night shows (usually concerts) and free entertainment in the park.

[Band Concerts in Gibson Park](#)

? On Wednesday evenings throughout the summer the Great Falls Municipal Band gives free performances in the Gibson Park Bandshell.

Other Theater/Concert venues include

University of Great Falls Theater
Northwest Center
Montana Actors' Theater
