

Malmstrom AFB Joint Land Use Study

The City of Great Falls has been an active participant in the process, led by Cascade County, to create a Joint Land Use Study (JLUS) for Malmstrom Air Force Base. The goal of the JLUS is to protect the viability of current and future military missions, while at the same time guiding growth, sustaining economic health and protecting the public health, safety and welfare.

The final JLUS report and Appendices may be reviewed by selecting the document links under “Supporting Documents” below.
