

Program Change at the Library

PRESS RELEASE

FOR IMMEDIATE RELEASE

Date: February 12, 2014

Contact: Jude Smith, Great Falls Library - (406) 453-0349

Program Topic Change

Great Falls, Montana – The Great Falls Public Library announces this change to a previously announced program. Brian Rodgers will be presenting a program on Saturday, March 1, 2:00 pm. Originally, Rodgers was going to speak on beekeeping. He has changed his topic. Below is an announcement for the revised program.

Gardening in a New Light

The Great Falls Public Library is hosting Brian Rodgers on Saturday, March 1, 2:00 pm in his program Gardening in a New Light: Aquaponics. Aquaponics combines aquaculture (raising aquatic animals such as snails, crayfish or prawns) and hydroponics (cultivating plants in water). It is economical, emphasizes sustainability, and allows the gardener to create a controlled environment that eliminates dependence on weather, pests, and other factors common in traditional gardening. Brian is an experienced aquaponic gardener.

This program is free and open to the public. For more information call 453-0349.
