MOTION:

I move that the City Commission award the bid to supply asphaltic concrete materials to Great Falls Redi-Mix Inc. of Great Falls for \$474,420.00.

SYNOPSIS:

The specifications were advertised three times in the Great Falls Tribune and mailed to three prospective bidders. The bids were opened on June 8, 2005 with two bidders responding.

The materials bid by Great Falls Redi-Mix Inc. meet specifications for the asphaltic concrete materials. Nineteen cents per ton-mile was applied to all bids to determine the lowest cost to the City. The mileage factor made Great Falls Redi Mix Inc. the lowest cost supplier.

BACKGROUND:

The asphaltic concrete materials requested will be used by the Street Division to conduct street repair projects. The contracted price for asphaltic concrete in FY 04/05 was \$30.00 per ton for MPWSS Type B, \$31.75 per ton for MPWSS Type S-2, and \$33.15 per ton for MSS Grade D. The total estimated tons of asphaltic concrete materials has been reduced by 1000 tons from the FY 04/05 purchase to coincide with actual usage. The total bid price difference from last year is an increase of \$4,820 or 1%. Funding for this year's purchase of asphaltic concrete is in the proposed FY 05/06 Street Maintenance Budget.
