The City Commission is asked to consider the proposed Resolution 9526 on Recreation Center Indoor Driving Range fees:

- Indoor Driving Range Fee:

BACKGROUND:

Staff plans to implement a new program providing an indoor driving range. The driving range will be available beginning November 2, 2005 and will remain open until approximately March 31, depending on weather. The driving range will provide a service to area golfers to practice during the winter and will also be available for the City Golf Professionals to conduct lessons on an as needed basis. The driving range will also complement City Winter Golf Lessons, giving people the opportunity to continue practicing until the golf courses open.
