

**CITY OF GREAT FALLS  
COMMISSION AGENDA REPORT**

---

**Item:** Resolution 9768 to Levy Special Assessments on Properties within Special Improvement Lighting District – City-Owned Residential Lighting No. 1310

**From:** Judy Burg, Account Technician

**Initiated By:** Annual Assessment Process

**Presented By:** Coleen Balzarini, Fiscal Services Director

**Action Requested:** City Commission Conduct Public Hearing and Adopt Resolution 9768

---

**Public Hearing:**

1. Mayor conducts public hearing, calling three times each for opponents and proponents.
2. Mayor closes public hearing and asks the will of the Commission.

**Suggested Motion:**

1. Commissioner moves:

“I move the City Commission (adopt/deny) Resolution 9768.”

2. Mayor calls for a second, discussion, and calls for the vote.
- 

**Staff Recommendation:** Staff recommends following the public hearing and barring sufficient protests, that the City Commission adopt Resolution 9768 to Levy Special Assessments on properties within Special Improvement Lighting District – City-Owned Residential Lighting No. 1310.

**Background:** Staff received a signed petition from the developer of Meadowlark Addition No. 5 requesting installation of roadway lighting. The petition was for the installation of twelve (12) 100 watt HPS street lighting units on 17 foot fiberglass poles with underground wiring, which meets the requirements set forth in Resolution 9506 the City’s Street Light Policy for new roadway lighting districts.

October 16, 2007, the City Commission duly passed and adopted Resolution 9692 creating Special Improvement Lighting District – City-Owned Residential Lighting No. 1310. City Staff obtained quotes from all interested contractors and vendors willing to submit a quote for the

installation of the roadway and the bid contract was awarded under separate action to United Electric at the commission meeting held on December 18, 2007.

On December 18, 2007, the City Commission adopted Resolution 9720, authorizing the City to enter into a loan agreement with the Montana Board of Investments up to \$29,900 to fund the cost to install the roadway lighting in Meadowlark Addition No. 5. Property owners located within Special Improvement Lighting District – City-Owned Residential Lighting No. 1310 will have a special assessment for the installation cost of the improvements for a term not to exceed 15 years and will also have an ongoing annual maintenance assessment for the roadway lighting.

The budget development process begins in January of each year when the Fiscal Services Department receives their midyear financial reports. The midyear reports are used to determine the current financial position of Special Improvement Lighting District No. 1310, which is the basis for projecting future earnings and expenditures. The lighting district's assessed cost is based upon existing rates, cash balance and proposed increases provided by Southern Montana Electric Generation & Transmission Cooperative, Inc. and by Northwestern Energy. Information is gathered regarding the actual and anticipated expenses, goals and objectives of the lighting district. After determining financial factors pertinent to the operation of the Lighting District an assessment amount for the next fiscal year is calculated, proposed and presented to the City Commissioners for approval.

As part of the annual budget development and adoption procedures the Special Improvement Lighting District No. 1310 Assessment Resolution must be submitted for City Commission action. A public notice and hearing is required prior to final passage of the assessment resolution.

**Concurrences:** Fiscal Services staff is responsible for the operational expenses and for assessing and collecting the revenues necessary to carry out the operations of the Special Improvement Lighting District No. 1310. The City Commissioners have received information regarding the operation of the district during the annual budget process.

**Fiscal Impact:** Adoption of Resolution 9768 will allow the City to fund the installation, operation and maintenance costs required to be made each year in the Special Improvement Lighting District No. 1310.

#### ASSESSMENT ANTICIPATED

The anticipated assessment amount for Special Improvement Lighting District No. 1310 for the next fiscal year is the amount projected through the creation process and the Budget Development Process. Fiscal Year 08/09 projects charges based on actual billings for the district and adjustments for cash balances from prior fiscal years.

Public roadway lighting for Special Improvement Lighting District No. 1310 has been completed as provided in Resolution 9692, for a total assessable cost of TWENTY-NINE THOUSAND THREE HUNDRED TWENTY-FOUR DOLLARS and 84/100, (\$29,324.84.) The special assessment for the installation cost of the improvements shall be payable over a term not to exceed 15 years.

In addition, the ongoing annual energy and maintenance costs for said improvements for Fiscal Year 08/09 were determined to be TWO THOUSAND FOUR HUNDRED SEVENTY-EIGHT DOLLARS, (\$2,478.)

Resolution 9768 effectively places a lien on each property within the district for the proportionate share of the installation costs as well as assesses each property for the annual energy and maintenance costs.

**Alternatives:** The City Commission could choose to deny the adoption of Resolution 9768 to Levy and Assess Special Improvement Lighting District No. 1310; however, the reduction in services to the community could be hazardous to the safety and welfare of the general public.
